

SIMP PAPER

Welcome to the wild world of SIMP Token, born from the unforgettable saga of Pulse Latina, who took simping to a whole new level by absconding with nearly a million dollars. SIMP isn't just a token; it's a badge of honor for those who lived through the drama and came out the other side with a story (and maybe a meme) to tell.

The Origin Story

In the heart of the Pulsechain community, Pulse Latina captivated the masses and amassed a fortune, only to vanish into the digital ether. SIMP was created to commemorate this chapter, blending lessons learned with the humor that kept the community going. It's a symbol of resilience, a testament to the camaraderie that emerged from the chaos.

From Meme to Utility

What started as a meme token is evolving. SIMP is now offering real utility:

Public/Elite Alerts:

Pulsechain: Pulse LP Add Alerts, Known Deployer Alerts, Known Deployer Approvals, Pulsechain Fun Trades, Pulsechain Fun Creates. Multi-chain: Dexscreener Updates, Dexscreener Ad Alerts, Dexscreener Boost Alerts, Dextools Updates, Double Dex Alerts

Illuminati Alerts:

Above listed plus, Pulsechain: ★ Pulse Launch() Alerts, ★ 10s Buys Block Monitor, ★ 15m Buys Block Monitor, ★ Coin Quest Trades. Tron: ★ SunPump ProxyLaunch(), ★ SunPump King of the Hill, ★ Tron Deployer Tracker, ★ Tron Whale Tracker. Extra: ★ Illuminati Alpha Chat, ★ Twitter/X Forwards

3 Tiers of Alerts:

The alerts mentioned above and so much more are available in three tiers. Simp Public for free with a 10 min delay. Simp Elite if you hold 750k SIMP, making the delay only 5 minutes. Then finally Simp Illuminati if you hold 1% (7.45m SIMP) and giving you alerts with no delay.

Revenue Sharing is Coming Soon

In the future, I will offer advertising services designed to bring in revenue for the Simp Illuminati holders. This initiative will not only enhance our visibility but also generate income.

I plan to split (50/50) the revenue from these advertising services with SIMP Illuminati token holders who hold 1% or more of the total supply. This way, our community's success is shared and rewarded.

SIMP Holders

We are a tight-knit community that thrives on sharing alpha alerts for new tokens on Pulsechain. Our journey, marked by the Pulse Latina scam, brought significant losses. But instead of wallowing, we united to create SIMP—a token that embodies our collective strength and determination to move forward.

Holding SIMP isn't just about owning a token; it's about being part of a community that turns setbacks into comebacks. As we grow, SIMP will be essential for maintaining your status in the Pulsechain community.
